CUBE DESIGN X FURNITURE SINCE 1980 X FAMILY OWNED X 2ND GENERATION X

**MADE IN
DENMARK**

WHO IS CUBE DESIGN?

Cube Design is a Danish-owned office furniture company based in Hammel, Denmark. We place great emphasis on design, functionality and good quality in all products. We have our own in-house architects, who, together with our consultants, support and help from start to finish.

We have our own production and administration with 50 employees in Hammel, Denmark.

The company is family owned (2nd generation) and founded in 1980 by Aase & Curt Berggren.

Cube Design sells furniture through a strong dealer network. The dealers have extensive knowledge of our products – and we go through the products one by one with all of our dealers. Cube Design exports primarily to Scandinavia and especially Norway, but also to the rest of Europe.

Kind regards,
Christian Berggren & Heinz Berggren
Owners

QUADRO DIVIDER

Black steel | Congo 16002, laminate

QUADRO DIVIDER

Designed by Christian Berggren

Create room for more with our multifunctional piece of furniture that combines room separation and organization and gives you a wealth of possibilities for individual composition and personalization. You can divide a room and still keep the light and openness.

The frames are made of steel, and the shelf pinholes in the frames create a flexible design with room for individual composition and personalization.

High quality, solid construction and always crafted in Denmark.

NATURE SCREEN, FLOOR

Designed by Christian Berggren

Transform your workspace with our new Nature Screen collection - specially designed to absorb sounds in office environments. The Nature Screens are perfect for room separation, minimizing noise and to increase privacy in open offices. By partitioning larger environments into smaller areas with these acoustic screens you can create a more serene environment that improves both productivity, well-being and focus among employees.

With beautiful wooden feet available in either oak or walnut the free-standing screen has a minimalistic, simple, and stable design. Would you like a movable screen, the feet are also available with castors.

Crafted in premium wooden materials and available in various colors and sizes, our Nature Screens seamlessly blends style with functionality.

NATURE SCREEN, FLOOR | Hush 61226, Gabriel | Solid oiled walnut

NATURE SCREEN, FLEXIBLE

Designed by Christian Berggren

As a part of our Nature screen collection, these flexible table screens meet the need for a movable acoustic screen to increase privacy and minimize noise right where you are. The table screen is designed with a flexible wooden base for easy mobility, so you can effortlessly move it around to suit your needs. Ideal to accommodate different work scenarios and adaptable to your style.

Always crafted in Denmark and made from first-class materials. Designed to offer versatility, privacy, and personalization.

Hush 64148, Gabriel | Solid oiled oak

ELEGANCE WORK DESK | Walnut veneer with brass details

ELEGANCE WORK DESK

Designed by Christian Berggren

Introducing our Elegance Work Desk – crafted with a focus on aesthetics and functionality. Featuring the beautiful gable ends, this elegant work desk is designed to enhance your workstation by offering shielding to improve concentration and increase privacy at your desk.

With the gable ends crafted in oiled wood material, this table will add an aesthetic appeal and calmness to any room, private or at work.

The Elegance work desk has beautiful brass leveling feet and a built-in sit/stand function.

QUALITY IS PASSION

ONLINE MEETING TABLE

Designed by Cube Design Team

Upgrade your online meetings and boost meeting productivity with our new Online Meeting Table - the perfect choice for the digital workplace. In an era where workplaces are becoming increasingly digital, new demands are placed on the office furniture.

This table is designed for online meetings, the elegant drop-shaped table top allows for good visual contact between all attendees - physical and online.

Thanks to its solid construction, dedicated quality and organic shape, our new table is designed to create the perfect place to meet virtually in style and comfort.

Always crafted in Denmark and from premium materials.

STRING BOARD

Designed by Heinz Berggren

Meet our new STRINGboard – a perfect blend of style and practicality. With beautiful wooden details available in oak or walnut and the surface in smooth linoleum, this board can easily change the expression and feel of any space.

The STRINGboard offers you a central spot for your essential information, so you can keep your workspace tidy and your mind focused. The strong elastic strings securely hold all your stuff, eliminating the need for pins and gives you a flexible storage option. Mounting is a breeze with the included hardware, so you can start organizing your space immediately.

Crafted for individualization and designed to offer you a more organized, inspiring and productive workstation.

STRING BOARD

Conifer 4174, linoleum | Solid oiled walnut

MAGNETIC BOARD | Conifer 4174, linoleum | Solid oiled walnut

MAGNETIC BOARD

Designed by Heinz Berggren

Decorate your wall with our Magnetic board - an elegant alternative to the classic bulletin board. Crafted with a high-quality stylish wooden frame and a surface in smooth linoleum, this board brings a touch of nature's beauty to your interior design, enhancing any room with its warm, timeless appeal.

The linoleum surface also provides a perfect backdrop for your notes, photos, and reminders. It's easy to clean and resistant to wear, ensuring your board looks pristine for years to come.

Equipped with strong magnets in either alu or brass, our Magnetic Board securely holds all your important stuff in place.

PLATO COAT STAND | Oak veneer

PLATO COAT STAND

Designed by Karl Rüdiger Rossell

The Plato is somewhere between a traditional hat stand and a wardrobe. It has all the functions of a wardrobe, and the openness and transparency of a hat stand. You can hang your jacket on a hanger, leave your bicycle helmet on the top shelf, and place your outdoor shoes in the bottom.

Its compact design, makes it perfect for the entrance hall, or the meeting room. The design is inspired by a ragged city skyline with its towering elements.
